EDUCATION

Dr. D Y Patil Institute of Technology, Pimpri, Pune **2025-2028**

- Information Technology| CGPA: **9.14**

Government Polytechnic, Nashik **2022-2025**

- Diploma in Computer Technology **|** PERCENTAGE**: 92.5%**

INTERNSHIP EXPERIENCE

Python with Data Science & AI/ML Intern • Sumago Infotech • Jan 2025 – Jun 2025

- Gained hands-on experience in Python programming, data analysis, and machine learning.
- Worked on building predictive models and applying AI/ML techniques to real-world datasets.
- Developed skills in data preprocessing, visualization, and model evaluation.

PROJECTS

Nagarsathi – Civic Issue Reporting System | React, React Native, Supabase **Sept 2025-Nov 2025**

- Built a mobile and web app for reporting civic issues with photo proof and location tagging.
- Implemented priority tagging and real-time complaint status tracking.
- Selected in the internal round of **Smart India Hackathon 2025**.

AI-Generated Image Detector | Python, TensorFlow, Flask **Jan 2025 – Jun 2025**

- Built a CNN-based model to classify real vs. AI-generated images with high accuracy.
- Developed a Flask web app for real-time image upload and detection.
- Applied data preprocessing, augmentation, and training on labeled datasets to enhance reliability.

AgroShop | PHP, MySQL, JavaScript, Tailwind CSS **Sept 2024 – Nov 2024**

- Built an agricultural e-commerce platform with separate User and Admin panels.
- Integrated weather, subsidies, market prices, product ordering, cart, and ratings.
- Designed an Admin Dashboard for managing products, orders, contacts, and comments.

TECHNICAL SKILLS & COURSEWORK

Programming Languages: C++, Python, JAVA, HTML, CSS, PHP, .Net, JavaScript
Databases: MySQL, SupaBase, MongoDb
Libraries/Frameworks: React.js, Mongoose, Tailwind CSS, Bootstrap, Flask
Data Science & AI/ML: Python (Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Keras), Machine Learning, Data Preprocessing, Model Training & Evaluation
Coursework: DSA, DBMS, OOP, CN, ST

COURSES & CERTIFICATIONS

Python with Data Science & AI/ML Internship – Sumago Infotech

- Gained hands-on experience in Python programming, data analysis, and machine learning.
- Built predictive models and applied AI/ML techniques to real-world datasets.
- Developed skills in data preprocessing, visualization, and model evaluation.

MATLAB Onramp – Basics of MATLAB programming and data visualization.
Statistics Onramp – Fundamental statistical concepts and data analysis**.**
Machine Learning Onramp – Introduction to ML models and classification.
